

Office Facilities & Travel Policy – Operations

Effective Date: April 1, 2025

Owner: Facilities & Travel Teams

1. Cafeteria and Meal Services

1.1 The main office cafeteria is located on the ground floor of Building A. Operating hours are 8:00 AM to 8:00 PM, Monday through Friday. The cafeteria is closed on weekends and public holidays.

1.2 Free breakfast is served from 8:00 AM to 10:00 AM and includes coffee, tea, juices, bread, butter, jam, cereal, milk, and fresh fruit.

1.3 Subsidized lunch is available from 12:00 PM to 2:30 PM at a flat rate of \$3 (or equivalent in local currency) per employee. The lunch menu rotates daily (Monday: Asian, Tuesday: Italian, Wednesday: Indian, Thursday: Mexican, Friday: American). Dietary options include vegetarian, vegan, gluten-free, and nut-free. No pork or beef is served to respect religious diversity.

1.4 Coffee, tea, and filtered water are available free of charge 24/7 via self-service machines located on each floor near the break areas.

1.5 Employees may bring their own meals and eat in the cafeteria or any break area. Microwaves and refrigerators are available in each break area.

2. Parking and Commuting

2.1 Parking at the office campus is free but limited. Employees with job levels of Manager and above receive an assigned parking spot (labeled with their name or employee ID). All other employees use the “General Parking” area on a first-come, first-served basis.

2.2 To park, employees must register their vehicle’s license plate number and make/model with Security via the parking registration form on the intranet. Unregistered vehicles will be denied entry.

2.3 The Company offers a commuter benefit: employees who use public transportation (bus, train, subway) to commute to work can claim a 50% reimbursement of their monthly pass cost up to a maximum of \$50 per month. Submit a claim with receipt to Finance by the 5th of the following month.

2.4 Bicycle parking is available in the basement, free of charge. A shower and changing room are located near the bicycle parking area for employees who bike to work.

3. Guest Entry and Visitor Management

3.1 Any employee wishing to bring a guest (client, vendor, contractor, or personal visitor) must obtain host approval before the guest arrives. The host submits a guest request form on the intranet at least 24 hours in advance (or 2 hours in advance for urgent meetings).

3.2 Upon approval, the guest receives a QR code via email. At the security desk, the guest shows the QR code and a government-issued photo ID. Security prints a visitor badge that must be worn visibly at all times.

3.3 No guests are permitted in the office after 7:00 PM, except for pre-approved after-hours maintenance contractors. Personal guests (family, friends) are only permitted between 12:00 PM and 2:00 PM and must be accompanied by the host at all times.

3.4 Contractors who work on site for more than 5 consecutive days must complete a contractor orientation and will be issued a temporary access badge.

4. Domestic and International Travel Booking

4.1 All business travel must be booked through the Company's travel management platform, Concur. Self-booking outside Concur is permitted only if the booking is cheaper and the difference is documented; reimbursement will be at the Concur rate, not the actual cost.

4.2 Flight booking rules:

- Domestic flights (under 4 hours): Economy class only.
- International flights (4–6 hours): Economy or premium economy at the employee's discretion.
- International flights (over 6 hours): Premium economy is mandatory. Business class is allowed only for employees at the Director level and above, or for any employee traveling with a documented medical need requiring extra space (must provide doctor's note).

4.3 Hotel booking rules:

- Standard nightly limit: \$150 for most locations, \$250 for New York, San Francisco, London, Tokyo, Sydney.
- If no hotel within the limit is available within a reasonable distance (2 miles) of the meeting location, the employee may book a hotel up to 150% of the limit after obtaining manager approval.

4.4 Ground transportation while traveling:

- Taxis and ride-shares (Uber, Lyft) are reimbursable. Keep receipts.
- Rental cars: Economy or compact class only. Gas, tolls, and parking are reimbursable. Insurance purchased through the rental agency is not reimbursable because the Company's corporate travel insurance covers rental cars.
- Personal vehicle mileage for business travel (e.g., driving to a client site) is reimbursed at the IRS standard mileage rate (currently \$0.655 per mile). Tolls and parking are separate.

5. Lost ID Card and Security Incidents

5.1 If an employee loses their company ID badge, they must report the loss to Security immediately by calling the security desk at extension 5678 or visiting the security office near the main entrance.

5.2 A replacement badge costs \$10 for the first incident, \$25 for the second incident within a 12-month period, and \$50 for each subsequent incident. The fee is deducted from the employee's next paycheck.

5.3 If an employee finds a lost badge that has already been reported, the badge is deactivated and cannot be reactivated. A new badge must still be issued. Do not attempt to use a deactivated badge as it will trigger an alarm.

6. Lost and Found

6.1 Items found in common areas (cafeteria, conference rooms, restrooms) should be taken to the security desk. Security logs found items with date and location.

6.2 Employees looking for lost items should check with Security. Items are kept for 30 days; unclaimed items after 30 days are donated to charity.

6.3 Valuable items (laptops, phones, wallets) are stored in a locked cabinet. The owner must describe the item to claim it. Security may ask for ID before releasing valuables.
